## NEW INTER-ISLAND STEAMER

### The New Inter Island Steamer.

President Kennedy of the Inter-Island S. S. Co., plans to proceed to San Francisco at an early date in order to be present at the launching of the latest addition to the company's fleet, the Kilauea, on August 24. The work of completing her is to be hastened, and it is hoped that she will be in commission before the end of the year.

The question of who will become purser on her is one that is agitating the minds of those who have a chance of getting the position. Jimmie Friele, the popular president of the purser's office, on the Mauna Loa wharf it is thought by many, will be the first purser on the Kilauea. Others again think that his position in the purser's office will be retained by him. There is no gainsaying the fact at present that no one outside the officials, have any idea of the proposed personnel of the new boat.

All those who have been brought in contact with Friele in the purser's office on the Mauna Loa wharf, will certainly be selfish enough to wish him to continue in that position, notwithstanding that the purser's office on the Kilauea may be a coveted one.

### Chiyo Maru Tomorrow Morning.

A wireless message to the agents for the T. K. K. line of steamers, Castle & Cooke, is to the effect that the Chiyo Maru will be off port from San Francisco at nine o'clock tomorrow morning. More than usual interest attaches to the arrival of this vessel on this trip owing to the fact that Dr. Starr Jordan is a passenger by her to the Far East. He will deliver an address on the peace question in the Opera House tomorrow evening. In order to enable him to do this, the agents for the steamer have received permission to hold the vessel until daylight on Wednesday.

### Marama Tomorrow At Noon.

W. Buchanan, who handles the business of the Canadian-Australian line of steamers in this city for Theo. Davies & Co., has received a wireless message from the Marama stating that she will be off port at about noon tomorrow. Captain Maresby has expressed a desire to get away again at seven o'clock. No mention is made of the amount of cargo for this port, but as there are only 150 tons so far offering for Vancouver, it is not anticipated that there will be anything to prevent the Marama leaving at the hour mentioned, as the cargo for Honolulu is not likely to be a big one.

She will bring Sydney mails up to July 31, New Zealand mail, of four days later, and Suva, Fiji, mails up to August 8. The Marama is the first vessel to call at Auckland, New Zealand under the rearranged schedule, and she will also be the first to call at Honolulu.

### Alaska Linked by Wireless.

The Seattle Post-Intelligencer says that Iditarod and the great inland empire of Alaska are now connected with the outside world by wireless telegraph, connecting at Kaltag with the government lines. The stations at Iditarod and Kaltag are operated by the Alaska Wireless Telegraph Company and are equipped with the Telefunken system, which, when tested yesterday, worked perfectly. The first message sent to Seattle came to the Post-Intelligencer from the Iditarod Nugget and was as follows: "The establishment of telegraphic connections is a step forward in the development and unification of all Alaska and the whole North."

The Post-Intelligencer replied as follows: "The Post-Intelligencer, on behalf of the citizens of Seattle and state of Washington, expresses pleasure that the great wireless has advanced your unification and at same time brought us in touch with another point in your wonderful territory. It rejoices in every application of science that advances your mining, industrial and commercial interests and assures your people, through you, that we all stand ready to aid in everything tending to their development and happiness."
